Thet Hnin Aung
Myanmar

Dear Thet Hnin Aung,

I write you in solidarity. The courage you have shown in fighting to restore democracy and human rights principles as well as to better working conditions in Myanmar is impressive. Your actions have improved the wages of workers in Myanmar and resulted in important policy changes. I fully support your activities in ensuring fundamental human rights are respected, including the right for workers to associate and to bargain collectively. From my home country I send you support and hope you find strength in these difficult times. I condemn the actions of the military junta and hope that you will be released soon.

Yours sincerely,

[je naam]
